cPanel & WHM version 110 will be the last version that supports CentOS 7. The Extended Lifecycle Support program extends CentOS 7 support with cPanel & WHM version 110 to January 1, 2026. Read more about this program in the [Extended Lifecycle Support OSes](#) blog post. We encourage you to migrate to a supported operating system as soon as possible. Click the "Elevate to AlmaLinux 8" button below to read about a script you can use to upgrade cPanel & WHM installations on CentOS 7 to AlmaLinux 8. Only system administrators (root and root-level resellers) see this message.
